In view of applicants' remarks and amendments made in the response filed 9/27/05 only the following still applies.

Claims 17-19 and 20-23 are provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims of copending Application No. 10/947635 (issue fee has been paid) for reasons of record. Although the conflicting claims are not identical, they are not patentably distinct from each other because they still embrace overlapping subject matter. In the previous action the examiner indicated that "heterocyclyl" as R3 in the copending case includes "heteroaryl" as well as partially saturated derivatives thereof, which is the same definition relied on by applicants herein. See last 2 lines of the rejection on p.4. Note that claim 19 is also rejected herein as only the free form is now being claimed and reduced forms of isoquinolines are also within the ambit of the claims in the copending case.

Thus a terminal disclaimer is still needed to obviate the rejection over the copending case. PTO records indicate that the copending case is ready for issue although issue date is not yet given.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Claims 1-16 are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
